  Nachiket Joshi Training

Hello Reader!
Greetings!

I am a teacher, a guide and a mentor. I have chosen training as my career and I am very happy about it after spending more than 17 years in training. I love the live and extempore nature of trainings. I have been learning the art of teaching through every session and have been enjoying this un-ending journey. My experiences of training are transforming me into a better trainer day by day.

I am a target oriented person. I value time a lot. I can wait patiently at times and quickly can take decisions too when needed. I am a team player and a team leader. I am managing a project titled – 'my life'!

I am a telepathic animal communicator, certified Pranic healer and psychotherapist by interest, a poet by nature and a trekker by passion. Above all, I think I am a human by values and roots.

I welcome you to know more about me! 😊

INSIGHT

❖ WHAT I OFFER.....	3
❖ HIGHLIGHTS.....	3
❖ SKILLSET	3
❖ EXPERIENCE AT A GLANCE	3
❖ TECHNICAL CERTIFICATIONS.....	4
❖ NON-TECHNICAL CERTIFICATIONS	4
❖ HOBBIES AND INTERESTS.....	4
❖ STRAIGHT FROM STUDENTS' HEARTS (VERY FEW FEEDBACKS MENTIONED HERE).....	5
❖ FULL LIST OF INSTITUTES AND COLLEGES THAT NACHIKET JOSHI HAS BEEN ASSOCIATED WITH:.	8

❖ What I offer

- ★ End to End Aptitude Training using own products
- ★ Training as a service (subject matter expert based on hrs. or days)
- ★ Aptitude Training for Campus Placement (Quantitative Aptitude, Reasoning Aptitude and Verbal-Soft Skills as per requirement) and MBA entrance Exams
- ★ Company Specific workshops for campus/offline recruitment
- ★ Course and content design for Aptitude

❖ Highlights

- ★ A COEP graduate (College of Engineering, Pune)
- ★ 18+ years of experience in training and content development for Quant, LR, DI, GD and PI for BBA and MBA entrance, banking and campus placement exams
- ★ Experience of training as well as sales and administration
- ★ 18000+ hours of training
- ★ Conducted CRTP (Campus Readiness Training Programs) in around 100 Engineering, MCA, MBA colleges in various states of India. (List available on page 8)
- ★ Worked as from team selector to team mentor
- ★ Trained students for CAT-SNAP-CET-NMAT-GMAT and other exams in institutes like Career Forum, IMS, Endeavor, Proton, EQL, APART, SEED etc. (List available on page 8)
- ★ A highly acclaimed ardent Aptitude trainer by students (Feedback attached on page 5)
- ★ A PMP® and PRICE2 certified professional

❖ Skillset

- ★ Cognitive as well as numerical ability
- ★ Strong mathematical orientation
- ★ Analytical ability
- ★ Good Oratory skills
- ★ A pragmatic and objective decision maker

❖ Experience at a glance

Year	Organization	Designation/Role
Sept 2018 - Present	Nachiket Joshi Training	Progress Catalyst - Students and Trainers Mentor, Content Developer
Feb 2015 - Aug 2018	SEED Infotech Ltd.	Practice Head - QA
Mar 2014 - Jan 2015	NA	Free Lance Trainer and Content Developer
May 2012 - Feb 2014	APART Education (India) Pvt. Ltd	Regional Head - Pune
June 2011 - Apr 2012	IMS Learning Resources Pvt. Ltd.	Project Lead - Maths
Feb 2008 - Apr 2011	Career Forum Ltd	Asst. Manager (Studies) and Branch Head
Jul 2006 - Nov 2007	PointCross.com Pvt. Ltd.	Software Developer

❖ Technical Certifications

- Statistics for Data science and Business Analytics - an online certification completed in March 2020.
- Data Analytics with R-Programming certification completed in June 2017.
- PRINCE2® FOUNDATION certification completed in November 2016. (<https://www.axelos.com/certifications/prince2-certifications/>)
- 'Train the Trainer' certification by Tata Institute of Social Sciences (TISS) (<https://www.sve.tiss.edu/>) in April 2016.
- Project Management Professional (PMP®) certification completed in January 2015. (<http://pmi.org/>)

❖ Non-Technical Certifications

- Certified Telepathic Animal Communicator in September 2022.
- Certified Pranic Healer and Psychotherapist in January 2018.
- A Toastmaster with Advanced Communicator Bronze (ACB) and Advanced Leader Bronze (ALB) titles. (<http://www.toastmasters.org/>) in September 2015.

❖ Hobbies and Interests

- Trekking, Writing blog, Writing columns for newspapers, writing Marathi Poems and Ghazal
- Author of a blog - www.anandyatra.blogspot.in - which has received 82000+ page-visits so far. The blog records write-ups on poetry, books, food-recipes, photography by me.
- I am an author of 2 Marathi Gazal books named 'चांदणे जागेच आहे' and 'शुभ मनाचा कागद' and two e-books named 'भैरवगडः केवळ थरारक' and 'सहयांकन'.
- An editor of an e-book series 'दुर्ग दुर्घट भारी' - which is based on forts in Sahyadri
- A crew member for Deccan Cliffhanger Pune to Goa bicycle race organized by 'Inspire India'

❖ Straight from Students' hearts (Very few feedbacks mentioned here)

➤ Nachiket Sir is a finest gentlemen I have ever come across in my life. He is a great teacher who teaches with great devotion and is extremely passionate about his work. It was always so much fun to attend the sessions and it was exceptionally painful for me to leave the class when the course ended. As a person Nachiket Sir is exceptionally great and professionally he is outstanding. He makes aptitude so much interesting and even if there are doubts he clears it then and there itself. He is extremely punctual about time .It never comprises with his teaching. He builds a healthy, enthusiastic, energetic and a happy environment while conducting sessions. He makes all his students very comfortable and makes sure that each one of them interacts with him. You can reach out to him anytime with any doubt you have related to anything, he is quite accessible and with lot of warmth and gentleness he will respond to you. Nachiket Sir not only teaches aptitude he also teaches how to be true to yourself, how to be true towards the work you do, how your approach should be towards yourself and the decisions you make , to think and to work on things which are in your control instead of worry about things that are not in your control. He also taught that everything cannot be measured in terms of money or neither can it be bought using money. Even if we were 4 min late for the session he made sure that he would make us realize about the time that is been lost, he says that you can earn everything back except time and health, once you lose time you can never bring it back and once you lose your health you cannot get it back. Nachiket sir is like a lighthouse. As the lighthouse guides the sailors to find the ships direction in the dark and wide sea, Nachiket Sir guides his students who are not clear about their goal or are confused or afraid about will they get a job, to find right path and walk through it. And even if the path later proves to be wrong he taught us to keep the right approach and to believe in yourself and just keep going because hard work always pays in return in some or the other manner. He always says that "Universe is destined to make things happen". Whatever you have in your destiny you will get 100% of all that, this doesn't mean you should wait for destiny to make things happen you should keep working hard every day. I am tremendously, immensely, excessively and extraordinarily proud of being NACHIKET SIR'S STUDENT and I will make sure that someday I will make him proud too. सर माझ्या मनात तुमच्याबद्दल खूप आदर आणि प्रेम आहे. मी नेहमीच झूणी राहील. I will always be grateful to you. Always have your blessing with me. I always wish may god bless you will whatever you desire to have in life and most importantly I wish you immense of good health and happiness. Thank You Sir!!!

- Pallavi Tumma

➤ This training was precisely what I needed to boost my placement preparation. All the methods and techniques which I learnt in this training would surely be useful for my future competitive exams. Learning- Number Series, LCM HCF, Squares and Square Roots, Mixtures, Alligation, Time Speed Distance, Percentage, Ratio Proportion, Simple and Compound Interest, Profit and Loss, Permutations and Combinations, Averages, Time and Work, Seating Arrangements, Probability in just 7 days and not only basics but mastering the concepts. This was really possible because of NJ Sir. I destroyed my fear of some topics and now happily solving sums related to those with

ease and with accuracy. We had a test everyday on 3-4 topics which really made us study the previous night instead of wasting time on social media. Also, gained the confidence of solving more sums in less time. Analyzing the scores from PreTest to Post Test, I really understood that I was profited from this course. Overall this was a perfect course and I would love to attend other courses from NJ Sir as well. Having a mentor like NJ Sir is really a blessing. Never knew when the daily 4 hr slot was over throughout the week. His observation and personal attention towards every student was indeed remarkable. No one pays attention to every student now a days. After a really long time I enjoyed what I was learning. I would make sure that I would follow all the guidelines given by him and would stay in touch with such an amazing human being.

- **Madhura Mirikar**

- Your sessions have been quite enlightening and extraordinarily helpful in developing my understanding of logic itself, and of course, a lot in the subject of aptitude (mathematics). Each of your subtle technique of explaining examples, completely unrelated to whichever topic, yet providing a deep understanding of application of logic and teaching us the mathematics behind it without focusing on it, has been etched in the back of my mind. It helps in really unexpected situations as it is much easier to apply experiences than formulae in complex situations.

- **Ajinkya Dhake**

- Sir we were so lucky to have you as our aptitude faculty and it really helped us and specially me. I really enjoyed your short cut methods like successive Percent change which helped me a lot in aptitude. And also the thoughts like "I will try my best and leave the rest" which you shared really inspired me. I loved to attend your sessions. It was like we were playing with numbers and logics. Also your enthusiasm towards life, towards your work and passion inspired me. I always use to wonder how you managed to keep balance between all this things. You are the most beautiful human being ever I have seen!!

- **Kaveri Bhagat**

- Nachiket Sir is one of my favorite teachers now! His passion and enthusiasm to teach is unrivaled. Every session sir taught us made us more knowledgeable and eager to learn more. I wish to learn from him again! The training itself was fun and engaging. Every doubts were cleared and every topic was explained. I thank Nachiket sir for everything he delivered in the past 10 days! Only thing I wish that improves in this training is - make the classes longer :D

- **Saurabh Kansara**

- When I started attending my aptitude sessions, from the very first day the faculty had set up an atmosphere where I felt motivated and inspired. With the encouragement I got there I started playing myself in studies and improvement was visible through every test I gave. The person I need to thank the most is Mr. Nachiket Joshi. He changed the way I looked at certain things like mathematics and aptitude. The morals he taught us would help me throughout my whole life. Preparation for aptitude is very demanding you need to cope up with new questions and practice hard. I would have

Nachiket Joshi Profile

given up but Nachiket sir believed in me and that's what helped me to break through. I will be eternally thankful to him.

- Anjali Das

- Right from the start i realized that the training was going to be helpful for me. Because Nachiket sir gives the vibes that no other teacher can. He ask questions but never pressurize us to solve it with just formula we can try our own method this trait of Sir help me to solve questions with my own method and also with more efficient manner. This training helped me to realize that there can be number of ways to a problem if we can actually visualize it in our mind. Truly sir u r amazing! Looking forward to ask u some doubts.
- Girish Shrirame

- In the beginning of the session we were completely made informed of the session coming ahead like what will be taught and in which pattern, a proper Introduction of classes. Then our session was started in a slow pace so as to get the students comfortable not to directly rush things. The doubts were solved in every aspect of the session , the best thing about Nachiket Sir was that he used to take rounds in the session and from the last front row till the last and clear each and every doubt with patience and interest. He would never move ahead without completely making sure that the doubts are clear, he would make sure of that. During the whole session not even a single period of time the session went boring as, Nachiket sir used to crack jokes and be sarcastic and had a great sense of humor which always kept the study environment healthy and interesting. The sessions were extremely Interactive, each and every student present had at least once responded to his answer in the whole session, he made sure of it. The fastest method to solve a particular question were given by Nachiket sir, which was always mesmerizing. The tips and tricks were always interesting. The notes were always short and precise. The technology was quite nicely used in the whole session regarding our education. Mr Nachiket sir was always punctual. On time he started the session which imparted a very good lesson to students, due to which the students also strictly followed his punctuality and learned this great lesson of punctuality. After a very long period of time I could feel that learning could be this fun and interesting. The methodology of Nachiket sir was always interesting, his way of delivering any topic was so fun to understand and easy to grasp, his confidence, enthusiasm , body language were professional and at the same time friendly. He had a complete command on his knowledge and was able to impart his knowledge to each and every student which was clearly seen by the enthusiasm returned by the students as the strength of the students were maintained. Mr Nachiket sir is a great teacher and I would 100% attend his next session whenever I could get the opportunity.
